What If…

I am running late?

You must call the store at (727) 303-3155 as soon as you believe that you will be late.

If there is no answer, call the store again. If no answer, DM the shift leader on Nation to inform them that you will be late.

I am sick?

During business hours: You must 1.) Call the store at (727) 303-3155 as soon as you believe you are sick and should not work and 2.) DM the shift lead on Nation.

During non-business hours: As soon as you realize you should not work, you should DM the shift lead and Aracelis on Nation.

Note: It will be written up as a call out without coverage unless a doctor's note is provided. In which case it will void the write-up.

I need off during a posted schedule?

Release the shift for pick up on Nation. You will receive a notification from Nation if approved. If a manager does NOT approve the shift, then you must work the scheduled shift. Don't create a "NO CALL, NO SHOW, NO JOB" situation – Make sure you have manager approval or plan to work your shift.
